Update on Clinical and Basic Research

The Fields Center for FSHD & Neuromuscular Research & the FSH Society
invite you to join us for the
2018 FSHD Family Day

Saturday, April 7, 2018

9:00 a.m. to 2:50 p.m.

University of Rochester Medical Center • Helen Wood Hall
255 Crittenden Blvd, Rochester, NY 14607

Our FSHD partnership – researchers, clinicians, patients and family members - has come a long way in the last two years. Please join us to hear internationally respected experts report back to you - telling you what we've learned, where we are and where we are heading. We'll touch on progress in the clinic, in the laboratories, and on the bridge from research to practice. This report is our shared story – written page by page during each research and clinic visit. Come join us to review the tale.

Featuring Presentations By:
